ANÉCDOTAS

vida, actualidad y cultura

An innovative and specialized program for Spanish for Heritage and Native Speakers classes in the U.S.

INSTRUCTIONAL UNITS

Anécdotas 1 & 2 units are themed based and aligned to your individual World Language State Content Standards (K - 12 grade) focusing on a proficiency oriented language instruction program that is student centered, includes the exposure to and the practice of all four language modalities, language and cultural comparisons, and real world preparation.

STUDENTS ARE FIRST

OneWay Education puts students' needs at the center of learning therefore the following outcomes are attainable with our program's curriculum: Student Centered Learning, Project Based Learning, Equity and Access, Exploration of Career and Vocational opportunities, Thematic-Based Learning Approaches, Advanced Placement and International Baccalaureate aligned curriculum, Differentiation with additional Literacy Resource Components, Proficiency-Oriented Language Instruction, Mastery Learning supported in our LMS.

THE BEST PROGRAM AVAILABLE

The lessons are planned to allow for access to the learning objectives. Making the units theme-based helps to build on the skills necessary to internalize the content. By doing so, students are provided with multiple opportunities of representation to acquire and build on skill development to further enhance their comprehension and ultimately provide for mastery.

WE CARE ABOUT YOU

PARENTS MATTER

One Way Education will support parental involvement by providing seminars to schools that request it. These seminars will be open to include school personnel, students and parents. The program's Scope and Sequence offers the families insight into the Unit themes and course structure and progression.

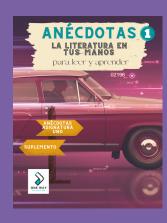

PROJECT BASED LEARNING

PBL engages students in authentic inquirybased learning to foster problem-solving and critical-thinking skills, and college and career readiness.

A COMPLETE PROGRAM FOR YOUR CLASS

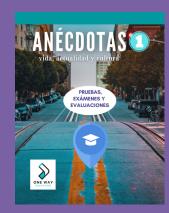

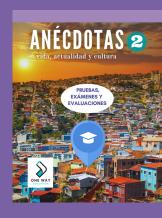

We believe in offering a complete program, but we also believe in not only selling books, but partnering with school districts.

After Anécdotas 1 and 2 are adopted, every teacher who uses the books will get all the supplemental materials without any extra cost to the district.

We will make these resources available in our learning site Nosotros Online.

#1 Spanish for Heritage and Native Speakers Program in the U.S.

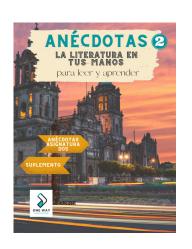

ANÉCDOTAS vida, actualidad y cultura

Our approach is unique, student and teacher friendly, as well as rigorous in developing the language, writing, and social-cultural competence skills needed to succeed in the classroom, higher education, and career path of their choice.

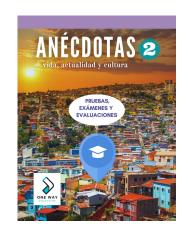

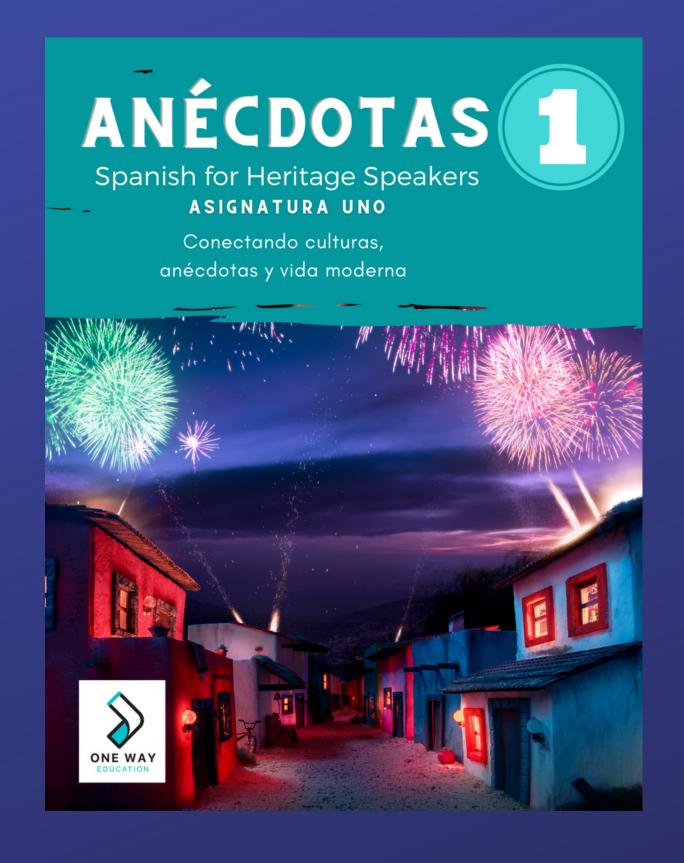

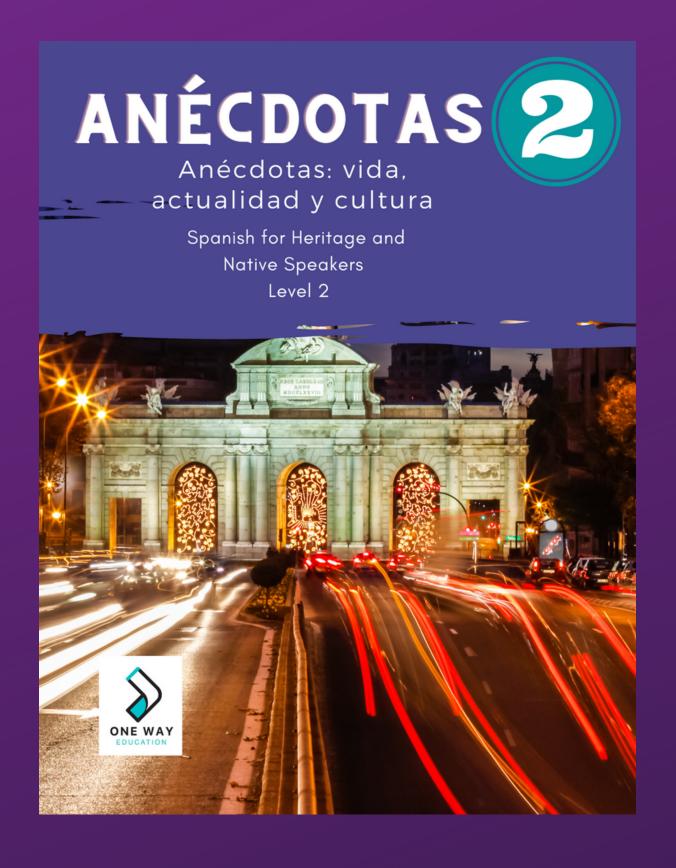

With a thematic-based approach, all language components and various text types connect and align to the ACTFL World Readiness Standards. This ensures that the students are prepared for AP®/IB® and college and career.
